

October 15, 2009

407 S. 27th Ave.
Omaha, NE 68131

To whom it may concern:

KSI Construction was the general contractor for the remodel of additional space in a building we lease. From the acceptance of the bid through the final stages and touch-ups, KSI has been very professional in dealing with the necessary details of our project. They offered their own improvement ideas, as well as listened to our proposed changes in order to seek out the best possible end result.

Sales:

800.500.4499

The sub contractors used by KSI have been very courteous and professional in dealing with our employees and decision makers. The sub contractors and the general contractor knew and followed the specification ensuring accuracy and quality in our remodeled space.

Sales Fax:

402.661.3199

The foreman, Dan Hardesty was very professional in handling any situation. He effectively worked with the building owners, our management staff and subcontractors. He knew exactly what needed to be done and altered the pace of the project so it was completed on time, even though we made changes along the way. I was very impressed with his skill to manage the project and the interaction with so many different people.

Support:

402.345.5660

The owners of KSI, Robert Krause and Shawn Swaney made themselves available to us, and met with us weekly. They were always available by phone and willing to discuss and assist as needed.

It has been a pleasure working with KSI Construction and we look forward to working with them in the future when we remodel our remaining office space at TEAM. If you need more information do not hesitate to call me at 402.345.5660.
